RAISING THE STANDARD

Every day our goal is to find more ways to improve life in and around the bathroom and kitchen, sometimes in obvious ways, other times in more subtle ways. We examine everything and are willing to challenge everything. No matter how good our products are today, we know we can always be better tomorrow.

Not just "our standard," but "the standard" for living healthily, responsibly and beautifully everywhere. It's "the standard" we've set and reset since 1875. It is "the standard" that is reflected in every product we make and represented in our highest ambition and deepest commitment to our employees, partners, trade professionals and customers worldwide.

At American Standard, we endeavor to raise the standard of living by delivering bathroom solutions that are beautiful, purposeful and safe for everyone.

OUR JOURNEY TOWARDS RAISING THE STANDARD

<p>1872</p>  <p>American Standard's passion for plumbing began when John B. Pierce purchased a struggling tinware shop in Massachusetts.</p>	<p>1880</p>  <p>Standard Manufacturing Co. perfected a process to coat pulverized enamel onto a hot steel casting to form a smooth, sanitary, easy-to-clean surface.</p> <p>Modern Bathroom Was Born</p>	<p>1926</p>  <p>Changed the face of America's homes by bringing colors to bathrooms and kitchens.</p> <p>Bringing Bold Looks Home</p>	<p>1929</p>  <p>Two industry leaders merged and formed the foundation of today's American Standard.</p> <p>Mega Merger formed One-Stop Shop</p>	<p>1950s</p>  <p>With millions of war veterans returning home from WWII, a new suburbia was born, and with it the American Standard's innovations soared, allowing the company to set new standards of safety, comfort & beauty for a growing population.</p> <p>Postwar Boom</p>	<p>1980s - 1990s</p>  <p>Economic prosperity led to several new product developments - long-lasting leak-free ceramic disc valves, labor-saving, lightweight Americast™ tubs and sinks, and Sensorium, the first tub with electronics that controlled in-home appliances.</p> <p>New Product Development Breakthroughs</p>	<p>1990s - 2000s</p>  <p>Mergers and acquisitions expanded American Standard's product depth and reach.</p> <p>American Standard Brands</p>	<p>2013</p> <p>Fresh Ideas for a New Generation</p>  <p>LIXIL Link to Good Living</p> <p>In 2013, American Standard joined the LIXIL Group Corporation. Headquartered in Japan, LIXIL is a global leader in the building materials and housing industry and owns some of the most trusted brands in our industry including GROHE, INAX and DXV.</p>

For minimalists who appreciate quality and design, the Signature™ Collection is crafted as an embodiment of American Standard™. This collection incorporates all the brand's signature design elements - Frame, Pillow and Line. The culmination of the Frame and Pillow forms the Superellipse, a geometric shape that is exclusive to this collection, revolving around the theme of soft minimalism that blends seamlessly into a modern bathroom architecture.
